Emotional Purity - Heather Arnel Paulsen 2007
Have you ever given your heart to someone who didn’t love you back? Do you feel like you’ve experienced heartache over and over again? If you are emotionally attached to someone, it’s easy to cross the line and become emotionally intimate. Then if the relationship doesn’t work out, you’re left with scars on your heart. The church teaches us the importance of physical purity; but it teaches little about emotional purity. Christian singles often wear their hearts on their sleeves, which can lead to intense, emotionally intimate, male-female “friendships”
with no commitment to pursuing marriage. People may have had several of these “friendships” and still consider themselves pure, but in reality they have given away pieces of their hearts that should be reserved for their future spouses. Emotional Purity will show you how to define and set boundaries in your relationships to avoid making the same mistakes. Learn how to guard your heart and keep it emotionally pure. Using fictional and real-life examples along with sound biblical advice, author Heather Arnel Paulsen outlines the pitfalls of undefined relationships and presents guidelines for living an emotionally pure life.

The Jasper Love Trilogy-Onyx Cantor 2020-03-02 This is the story of one man’s triumph over Cult Religion. As a preacher’s son, Jasper Love struggled to comply with the dogma and bigotry of the unpredictably changeable Doctrine of Good Enough dictated by Cult Religion. He and four sisters labored to comply with cult demands consistent with their mother’s mantra: “People expect preacher’s kids to be perfect.” The Voice of Truth (bestowed on Jasper as a child in a genuine salvation encounter with Jesus Christ) conflicts with voices of deception from pulpits and pews, triggering crippling anxiety, depression, and suicidal ideation. Further compounding his confusion is a terrifying awareness of the cult’s distortion of scripture concerning his innate identity. When a Connecticut preacher detects his private struggle, the Bible scholar promises: “If you marry a good Pentecostal girl, this thing will just fade away.” Jasper foolishly accepts the challenge, believing that the pastor’s counsel is based on Truth. A 32-year battle ensues, during which a Pentecostal preacher’s daughter who, aware of his struggle and trained in Exploitation of Advantage, manipulates and controls the miserable husband who strives to suppress and
conceal an innate identity which “simply won’t leave me alone.” Cultists despise his genuine relationship with God when the Holy Spirit weakens the tenacious grasp of the antiChrist’s claim on his soul, rescuing him from abominable doctrines through Spiritual Enlightenment to Truth Absolute. Spiritual Warfare ensues, during which he is molested by authority figures, betrayed by cult dishonesty, falls into sin, is attacked by demons, and is delivered by the Holy Ghost through visions of spiritual combat between the demons of Cult Religion and the Angels of Truth. In the end, his foolish attempt to conform with the Doctrine of Good Enough predictably results in the destruction of everything he wasted a lifetime building: marriage, family, home, career, material wealth, and reputation. Yet, in losing all, he is delivered from the Darkness of cult idolatry, whereupon he is finally free to immerse himself in genuine Truth, Light, and Love, breaking the tyrannical chains of Cult Religion. Released by the Holy Spirit from cult bondage, he is at last unleashed to fulfill his destiny: To teach the Truth about Jasper Love (that boundless, unconditional love known only to those who genuinely experience Spiritual Enlightenment) to a people deceived by the hateful harlots of idolatry who are nothing more than power-crazed, authoritarian, self-aggrandizing, despotic antiChrist heretics who worship only one god - CONTROL.

The Arts and the Christian Imagination—Clyde Kilby 2017-01-01 Dr. Clyde Kilby was known to many as an early, long and effective champion of C. S. Lewis, and the founder of the Marion E. Wade Center at Wheaton College, IL, for the study of the works of Lewis, J.R.R. Tolkien and other members of the Inklings. Less known is that Dr. Kilby was also an apologist in his time for arts, aesthetics and beauty, particularly among Evangelicals. This collection offers a sampler of the work of Dr. Clyde Kilby on these themes. He writes reflections under four headings: "Christianity, Art, and Aesthetics"; "The Vocation of the Artist"; "Faith and the Role of the Imagination"; and "Poetry, Literature and
the Imagination." With a unique voice, Kilby writes from a specific literary and philosophical context that relates art and aesthetics with beauty, and all that is embodied in the classics. His work is particularly relevant today as these topics are being embraced by Protestants, Evangelicals, and indeed people of faith from many different traditions. A deeply engaging book for readers who want to look more closely at themes of art, aesthetics, beauty and literature in the context of faith. "What a great gift to read the collected writings of this gentle, brilliant visionary, teacher and friend! I can say, like so many others, it was Clyde Kilby who set my course in life. Like the dandelions he tended all winter, we flourished under his wisdom and care. Now his remarkable words on the page act as a kind of resurrection. We can hear his voice again and bless his memory." —Luci Shaw, Poet, Writer in Residence, Regent College Author of Thumbprint in the Clay "The Arts and the Christian Imagination is a landmark book. Its scope is breathtaking, bringing together in one place well-known "signature" essays by Clyde Kilby and unknown but equally excellent ones. The essays in this book, masterfully edited, sum up what a whole era wanted to say about literature and art in themselves and in relation to the Christian Faith." —Leland Ryken, Professor Emeritus English, Wheaton College, Author of The Christian Imagination "It was my great privilege to take several classes with Clyde Kilby when I was a student at Wheaton. Now a new generation, and readers far from the Chicago suburbs, have the chance to experience the sparkle, wit, aesthetic insight, and deep Christian commitment that made Kilby such an unusually captivating teacher. Even without his hobbit-like presence, his words remain a true inspiration." —Mark A. Noll, Author of Jesus Christ and the Life of the Mind, Francis A. McAnaney Professor of History, University of Notre Dame "Thousands owe to this giant of Wheaton their ability to hear literary voices with Gospel-tuned ears. This sampler of his hugely influential writing will make the reader profoundly grateful for a man whose legacy is beyond measure." —Jeremy Begbie, Thomas A. Langford Research Professor
of Theology — Duke Divinity School, Director of Duke Initiatives in Theology and the Arts

"Samuel Johnson said people need to be reminded more often than they need to be instructed. Dr. Kilby reminds us of what it means to be made in the image of God and how art, in our creation and reception of it, illuminates, articulates and glorifies that original great mimesis. With wisdom and relevance, this collection provides a touchstone for the spiritual thinker in its reconciliation of art's true and beautiful purpose with the unspeakable, inimitable mystery of God."

—Dr. Carolyn Weber, Professor and speaker, Award-winning author of Surprised by Oxford; Holy is the Day

"To read the reflections of C.S. Kilby on art and the Christian imagination is to engage one of the most pertinently constructive interior critiques of American evangelical culture in the 1960's. His biblically formed imagination saw good and truth in what seemed to many of his generation astonishing places—French Catholic philosophers, agnostic novelists, psychic experimentalists, off-beat artists, mathematicians, mentally disturbed poets—and he asked fellow evangelicals, comfortably certain of the categories of their own perception, to examine whether or not some alien accounts did not square better with a biblical view of the human person than their own rigidities. To read these essays is to hear again his distinctively gentle voice in the classroom, and once again to gather many pearls of wisdom."

—David Lyle Jeffrey, Distinguished Professor of Literature and the Humanities Honors Program, Senior Fellow, Baylor Institute for Studies in Religion, Baylor University

"As I read Dr. Kilby's words in this book, "Love, not duty, sends the artist forth," I recalled my class with him fifty years ago. I can still almost hear his voice as he read from Wordsworth: "what we have loved others will love, and we will show them how." That line perfectly describes Clyde Kilby's life and work. As his student, I love what my dear Professor of English literature loved. I treasure this collection of his essays on Arts and Christian Imagination."

**Against Fairness** - Stephen T. Asma 2020-04-17
A polymath philosopher shares lighthearted examples of humanity’s unspoken instinct toward favoritism to argue against zealous pursuits of fairness.

**The Ideal Marriage** - Dr. Francis K. Goode

**The Parallax View** - Slavoj Žižek 2009-02-13
In Žižek's long-awaited magnum opus, he theorizes the "parallax gap" in the ontological, the scientific, and the political—and rehabilitates dialectical materialism. The Parallax View is Slavoj Žižek's most substantial theoretical work to appear in many years; Žižek himself describes it as his magnum opus. Parallax can be defined as the apparent displacement of an object, caused by a change in observational position. Žižek is interested in the "parallax gap" separating two points between which no synthesis or mediation is possible, linked by an "impossible short circuit" of levels that can never meet. From this consideration of parallax, Žižek begins a rehabilitation of dialectical materialism. Modes of parallax can be seen in different domains of today's theory, from the wave-particle duality in quantum physics to the parallax of the unconscious in Freudian psychoanalysis between interpretations of the formation of the unconscious and theories of drives. In The Parallax View, Žižek, with his usual astonishing erudition, focuses on three main modes of parallax: the ontological difference, the ultimate parallax that conditions our very access to reality; the scientific parallax, the irreducible gap between the phenomenal experience of reality and its scientific explanation, which reaches its apogee in today's brain sciences (according to which "nobody is home" in the skull, just stacks of brain meat—a condition Žižek calls "the unbearable lightness of being no one"); and the political parallax, the social antagonism that allows for no common ground. Between his
discussions of these three modes, Žižek offers interludes that deal with more specific topics—including an ethical act in a novel by Henry James and anti-anti-Semitism. The Parallax View not only expands Žižek's Lacanian-Hegelian approach to new domains (notably cognitive brain sciences) but also provides the systematic exposition of the conceptual framework that underlies his entire work. Philosophical and theological analysis, detailed readings of literature, cinema, and music coexist with lively anecdotes and obscene jokes.

**The Altering Eye**-Robert Phillip Kolker 2009-01
The Altering Eye covers a "golden age" of international cinema from the end of WWII through to the New German Cinema of the 1970s. Combining historical, political, and textual analysis, the author develops a pattern of cinematic invention and experimentation from neorealism through the modernist interventions of Jean-Luc Godard and Rainer Maria Fassbinder, focusing along the way on such major figures as Luis Bunuel, Joseph Losey, the Brazilian director Glauber Rocha, and the work of major Cuban filmmakers. Kolker's book has become a much quoted classic in the field of film studies providing essential reading for anybody interested in understanding the history of European and international cinema. This new and revised edition includes a substantive new Preface by the author and an updated Bibliography.

**Family Matters**-Hilde Løvdal Stephens 2019
"Family Matters: James Dobson and Focus on the Family's Advice to American Evangelicals by Hilde Løvdal Stephens is an insightful history and analysis of James Dobson's rise to fame, effect on American evangelical culture, and subsequent fall from relevance. Stephens scours through Dobson's books, articles, and other materials published by Focus on the Family in order to explore how evangelicals defined and defended the traditional family as an ideal and as a symbol in an ever-changing world"--
Modernity and Postmodern Culture - Jim McGuigan 2006-07-16

Modernity and Postmodern Culture critically assesses claims made about the 'postmodernization' of culture and society and explores the complex interplay between the modern and the postmodern in an increasingly 'globalized world'. The author argues that although culture may be 'postmodern' in terms of art, entertainment and everyday life, modernity still exists and is pervasive. The second edition is revised throughout, updating the literature and viewing international events through a modernist/postmodernist gaze. The theories of Baudrillard, Beck, Castells, Giddens, Jameson, Lyotard and others are discussed and specific issues concerning architecture, theme parks, screen culture, science, technology and the environment are examined. Topics include: Postmodern architecture and the hyperreality of DisneyHow poststructuralist theory questions modern rationality and reasonThe relations between postmodern culture, global capitalism and the technological changes brought about by electronics and computingThe network societyThe book is key reading for students on courses in cultural politics, cultural theory, popular culture and sociology.

Natasha - Suzanne Finstad 2009-11-04

The New York Times bestselling definitive biography of Natalie Wood, Natasha is the haunting story of a vulnerable and talented actress whom many of us felt we knew. We watched her mature on the movie screen before our eyes—in Miracle on 34th Street, Rebel Without a Cause, West Side Story, Splendor in the Grass, and on and on. She has been hailed—along with Marilyn Monroe and Elizabeth Taylor—as one of the top three female movie stars in the history of film, making her a legend in her own lifetime and beyond. But the story of what Natalie endured, of what her life was like when the doors of the soundstages closed, has long been obscured. Natasha is based on years of exhaustive research into Natalie's
turbulent life and mysterious drowning. Author Suzanne Finstad conducted nearly four hundred interviews with Natalie's family, close friends, legendary costars, lovers, film crews, and virtually everyone connected with the investigation of her strange death. Through these firsthand accounts from many who have never spoken publicly before, Finstad has reconstructed a life of emotional abuse and exploitation, of almost unprecedented fame, great loneliness, poignancy, and loss. She sheds an unwavering light on Natalie's complex relationships with James Dean, Elvis Presley, Frank Sinatra, Raymond Burr, Warren Beatty, and Robert Wagner and reveals the two lost loves of Natalie's life, whom her controlling mother prevented her from marrying. Finstad tells this beauty's heartbreaking story with sensitivity and grace, revealing a complex and conflicting mix of fragility and strength in a woman who was swept along by forces few could have resisted.

Writing Beloveds-Aileen Astorga Feng

2017-01-18 Covering a period from the late-fourteenth to mid-sixteenth century, Aileen A. Feng’s engagingly written work identifies and analyzes a Latin humanist precursor to the poetic movement known as Renaissance Petrarchism. Though Petrachism is usually read solely as a vernacular poetic tradition, in Writing Beloveds, Feng recovers the initial political purposes in Latin prose and traces how poetry set the terms for gender, agency, and power in early modern Italy. By revealing the literary motifs in men’s and women’s writing about gender she maps how certain figures in Petrarch’s writing transmitted gendered ideas of power and reflected a growing anxiety about women as public figures. This work includes nuanced analyses of poetry, linguistic treatises, debates on imitation, representations of gender and epistolary correspondence in Latin and Italian. Writing Beloveds is a landmark study that highlights the new social reality of women writers in early modern Europe.

Nothing Gray About It-Irene Sposato
2014-10-27 Satan’s hold on men through pornography has been well-documented and addressed in Christian circles in recent years. But what about women? How does the enemy of our souls snare the feminine sex? What men do physically, women do emotionally. In many of our homes, women spend countless hours on movies, books, social media, texting, fantasizing, and inappropriate relationships. If Satan cannot get us to take part in evil, he delights in saturating our minds with it. Even when we are wise enough to avoid directly participating in immorality, the mental and emotional impact of that saturation can unfold in hurt, disappointment, and broken marriages. Emotional purity is just as important as physical purity, because ultimately, it is a reflection of our hearts. Nothing Gray About It: Emotional Purity Before a Holy God presents our battle plan for applying the power of Proverbs 4:23: “Guard your heart, for it is the wellspring of life.”

Late in life, William F. Buckley made a confession to Corey Robin. Capitalism is "boring," said the founding father of the American right. "Devoting your life to it," as conservatives do, "is horrifying if only because it's so repetitious. It's like sex." With this unlikely conversation began Robin's decade-long foray into the conservative mind. What is conservatism, and what's truly at stake for its proponents? If capitalism bores them, what excites them? Tracing conservatism back to its roots in the reaction against the French Revolution, Robin argues that the right is fundamentally inspired by a hostility to emancipating the lower orders. Some conservatives endorse the free market, others oppose it. Some criticize the state, others celebrate it. Underlying these differences is the impulse to defend power and privilege against movements demanding freedom and equality. Despite their opposition to these movements, conservatives favor a dynamic conception of politics and society--one that involves self-transformation, violence, and war. They are also highly adaptive to new challenges and...
circumstances. This partiality to violence and capacity for reinvention has been critical to their success. Written by a keen, highly regarded observer of the contemporary political scene, The Reactionary Mind ranges widely, from Edmund Burke to Antonin Scalia, from John C. Calhoun to Ayn Rand. It advances the notion that all rightwing ideologies, from the eighteenth century through today, are historical improvisations on a theme: the felt experience of having power, seeing it threatened, and trying to win it back.

**On the Air** John Dunning 1998-05-07 Now long out of print, John Dunning's Tune in Yesterday was the definitive one-volume reference on old-time radio broadcasting. Now, in On the Air, Dunning has completely rethought this classic work, reorganizing the material and doubling its coverage, to provide a richer and more informative account of radio's golden age. Here are some 1,500 radio shows presented in alphabetical order. The great programs of the '30s, '40s, and '50s are all here--Amos 'n' Andy, Fibber McGee and Molly, The Lone Ranger, Major Bowes' Original Amateur Hour, and The March of Time, to name only a few. For each, Dunning provides a complete broadcast history, with the timeslot, the network, and the name of the show's advertisers. He also lists major cast members, announcers, producers, directors, writers, and sound effects people--even the show's theme song. There are also umbrella entries, such as "News Broadcasts," which features an engaging essay on radio news, with capsule biographies of major broadcasters, such as Lowell Thomas and Edward R. Murrow. Equally important, Dunning provides a fascinating account of each program, taking us behind the scenes to capture the feel of the performance, such as the ghastly sounds of
Lights Out (a horror drama where heads rolled and bones crunched), and providing engrossing biographies of the main people involved in the show. A wonderful read for everyone who loves old-time radio, On the Air is a must purchase for all radio hobbyists and anyone interested in 20th-century American history. It is an essential reference work for libraries and radio stations.

**The Illumination Process**-Alberto Villoldo, Ph.D. 2017-07-25 The Illumination Process guides the reader on a healing journey, forged by the timeless wisdom of indigenous cultures and the latest theories of neurobiology. Through various stages in this journey of initiation, we grow to understand the causes of our suffering and how to free ourselves from the pain and drama of our unhealed emotions. Life itself invites us to be initiated through many means—the possibility of love, the loss of a parent or friend, the birth of a child, or a serious health crisis. True initiation is empowered by facing personal challenges and experiencing the spiritual rebirth—or illumination—that follows. Unifying this book is the sacred process of transforming toxic emotions into sources of power and grace. The Illumination Process shows us how to bid a joyful good-bye to the people and places we have met, discovering a sacred space where the spirit inhabits, uniting the body and soul. Recounting his own experiences, tracing the mythologies of an array of cultures, and expanding his inquiry into the field of neurobiology, best-selling author Alberto Villoldo shows readers how they can benefit from these sacred practices.

A Talent for the Particular-Raymond-Jean Frontain 2011

Shaping Childhood-Roger Cox 2002-09-11
What part has religion played in the history of child-rearing? How do we persuade children to behave rationally and how should we exercise adult authority? What use do we make of their innocence and how do we cope with their sexuality? Has history left us with ideas about the child which make no sense in the prevailing conditions of the late twentieth century? In Shaping Childhood these questions are explored through themes from the history of childhood. The myth of the repressive Puritan parent is explored by looking at Puritan ideals of child-rearing. Treating the child as if it were rational seemed to Locke the best way to approach child-rearing, but Rousseau was sceptical of adult manipulation and Romanticism could be
subversive of both religion and reason as sources of discipline in child-rearing. The Victorians inherited many of the contradictions these approaches gave rise to, and they added a complication of their own through an aesthetic response to childhood's beauty. Currently, with instability in household formation and with the child exposed to ever more sophisticated means of communication, parents, teachers and others struggle to make sense of this ambiguous historical legacy. Shaping Childhood examines the ways in which broad cultural forces such as religion, literature and mass consumption influence contemporary parenting and locates child professionals, within the context of these forces.

The New Woman in Early Twentieth-century Chinese Fiction-Jin Feng 2004 In The New Woman in Early Twentieth-century Chinese Fiction, Jin Feng discusses representations of women in May Fourth fiction, issues of gender, modernity, individualism, subjectivity, and narrative strategy. In this thought-provoking book about a crucial period of Chinese literature, Feng argues that male writers such as Lu Xun, Yu Dafu, Ba Jin, and Mao Dun created fictional women as mirror images of their own political inadequacy, but that at the same time this was also an egocentric ploy to affirm and highlight the modernity of the male author. This gender-biased attitude was translated into reality when women writers emerged. Whereas unfair, gender-biased criticism all but stifled the creative output of Bing Xin, Fang Yuanjun, and Lu Yin, Ding Ling's dogged attention to narrative strategy allowed her to maintain subjectivity and independence in her writings; that is until all writers were forced to write for the collective.

Thomas 2016-11-29 Thomas Byers Memorial Outstanding Publication Award from the University of Akron Law Alumni Association Much has been written about women's rights pioneer Elizabeth Cady Stanton. Historians have written her biography, detailed her campaign for woman’s suffrage, documented her partnership with Susan B. Anthony, and compiled all of her extensive writings and papers. Stanton herself was a prolific author; her autobiography, History of Woman Suffrage, and Woman’s Bible are classics. Despite this body of work, scholars and feminists continue to find new and insightful ways to re-examine Stanton and her impact on women’s rights and history. Law scholar Tracy A. Thomas extends this discussion of Stanton’s impact on modern-day feminism by analyzing her intellectual contributions to—and personal experiences with—family law. Stanton’s work on
family issues has been overshadowed by her work (especially with Susan B. Anthony) on woman’s suffrage. But throughout her fifty-year career, Stanton emphasized reform of the private sphere of the family as central to achieving women’s equality. By weaving together law, feminist theory, and history, Thomas explores Stanton’s little-examined philosophies on and proposals for women’s equality in marriage, divorce, and family, and reveals that the campaigns for equal gender roles in the family that came to the fore in the 1960s and ’70s had nineteenth-century roots. Using feminist legal theory as a lens to interpret Stanton’s political, legal, and personal work on the family, Thomas argues that Stanton’s positions on divorce, working mothers, domestic violence, childcare, and many other topics were strikingly progressive for her time, providing significant parallels from which to gauge the social and legal policy issues confronting women in marriage and the family today.
