Vicissitudes Kin Green 2021-02-11 Vicissitudes confronts the transformative power of love in black romance and relationships. The novel reimagines the experiences of those who call for an end to the racialized landscape of our love and committed. Narrated through various character perspectives, Vicissitudes explores the intricacies and complexities of being black, queer and trans and boldly confronts the barriers (within and without) that we face when we dare love and live outside the binary. In exploring matters of love, struggle and liberation in a world that clings to labels out of fear of change and the unexpected. Exceedingly dated for today's rapidly changing world, this morality play of trial and triumph shines a light on the undeniable resilience of the human spirit.
